- Reinforced with strong fiberglass mat to conform to ASTM D 3462 at the time of manufacture

Weathered Wood

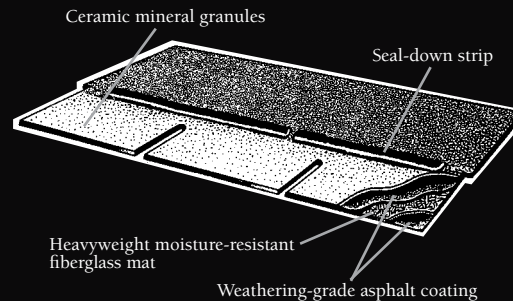

Building products for the professional.

TAMKO® has manufactured a full line of quality building products for more than 65 years. Today, we remain dedicated to excellence and relentless quality improvement.

In 1944, E.L. Craig founded TAMKO, a company striving to manufacture outstanding roofing products. TAMKO has never wavered from this corporate focus. It's helped TAMKO become a leading independent building products manufacturer and the only company to produce a full line of fiberglass, organic, steel and modified bitumen products both for commercial and residential roofing applications. Our customers see the benefit of TAMKO's specialization in quality products, competitive prices and attentive service before and after the sale. At TAMKO, building products are our business.
