Shingles begin to age as soon as they are exposed to nature. Buildings experience aging factors differently, so it is difficult to predict how long shingles will last. That’s why TAMKO provides a limited warranty that includes a binding arbitration clause and other terms and conditions which are incorporated herein by reference. You may obtain a copy of the limited warranty at tamko.com or by calling 1-800-641-4691.

Prior to making your final color selection, TAMKO recommends viewing an actual roof installation of the same shingle color at a manufacturing plant you are considering for the full impact of color blending and patterns. As colors vary by region, you may want to visit www.tamko.com and view colors available by zip code. House photography in this brochure may have been digitally modified or created using photographs of actual shingles. Printed reproduction of the shingle colors is as accurate as our printing will permit. Prior to installing the shingles, open a bundle and view a few of the shingles to be certain it is the color you selected. TAMKO will not be responsible for color claims once the shingles are installed on a roof. Certain colors and products may not be available in your area. Information included in this brochure was current at the time of printing. To obtain a copy of the most current version of this brochure, visit us online at tamko.com or call us at 1-800-641-4691. Front cover shingle color is Weathered Wood.
