A NEW
CLASS OF
SHINGLE

CLASSIFIED BY UL FOR COMPLIANCE WITH
UL 2218 CLASS 4 IMPACT RESISTANCE
Presenting Heritage IR
Heritage IR is a laminated, fiberglass asphalt shingle. It features an additional polyester mat, which reinforces the entire shingle, while providing double reinforcement of the sawtooth and the common bond areas.

A UL 2218 Class 4 Shingle
The unique construction of Heritage IR shingles is compliant with UL 2218 Class 4 Impact Resistance*. Check local building codes to see if UL 2218 Class 4 shingles are required in your area.

Insurance Considerations
Some insurance companies may provide discounted insurance premiums for shingles that are classified by UL for compliance with UL 2218 Class 4.

*UL 2218 testing utilizes a dropped steel ball which may not correlate with real world rooftop experience with the impact of storm driven hail or other objects.

THAT’S WHY TAMKO PROVIDES A LIMITED WARRANTY FOR MANY PRODUCTS, THAT INCLUDES A BINDING ARBITRATION CLAUSE AND OTHER TERMS AND CONDITIONS WHICH ARE INCORPORATED HEREIN BY REFERENCE. YOU MAY OBTAIN A COPY OF THE LIMITED WARRANTY AT TAMKO.COM OR BY CALLING 1-800-641-4691.
