VIVID COLORS. DRAMATIC STYLE.
ADD WARMTH AND DIMENSION TO YOUR HOME WITH HERITAGE.

Our distinctive granule mix and unique color drops add vivid color and texture to enhance your roof’s beauty.

TAMKO’s blended shadowtone creates dimension, striking contrast and remarkable depth while adding curb appeal to help ensure a look you’ll want to call your own.
Prior to making your final color selection, TAMKO recommends viewing an actual roof installation of the same shingle color and manufacturing plant you are considering for the full impact of color blending and patterns. As colors vary by region, you may want to visit www.tamko.com and view colors available by zip code. House photography in this brochure may have been digitally modified or created using photographs of actual shingles. Printed reproduction of the shingle colors is as accurate as our printing will permit. Prior to installing the shingles, open a bundle and view a few of the shingles to be certain it is the color you selected. TAMKO will not be responsible for color claims once the shingles are installed on a roof.
Welcome beauty home with the lively tones and intense warmth and contrast of America’s Natural Colors. Inspired by the woodsy browns, stormy greys and other vibrant hues found in nature, these colors will help you craft a roof that fits your personal style.
