Shingles begin to age as soon as they are exposed to nature. Buildings experience aging factors differently, so it is difficult to predict how long shingles will last. That’s why Tamko provides a limited warranty for many products, that includes a binding arbitration clause and other terms and conditions which are incorporated herein by reference. You may obtain a copy of the limited warranty at Tamko.com or by calling 1-800-641-4691.

Heritage shingles deliver vivid color and texture to enhance your roof. These shingles are available with a Limited Lifetime Warranty. See TAMKO’s Limited Lifetime Warranty and Arbitration Agreement for complete details. Heritage Premium shingles also meet the following classifications:

Prior to making your final color selection, Tamko recommends viewing an actual roof installation of the same shingle color and manufacturing plant you are considering for the full impact of color blending and patterns. All colors vary by region. You may want to visit www.tamko.com and view colors available at one of hundreds of locations in the Midwest. Also, you may want to consult with a professional roofing color consultant using photographs of actual shingles and color samples to help you make the best possible match. Colors in printed materials may vary from actual color. Your final color choice should be made after viewing an actual roof installation to ensure the color will be the same. Prior to installing these shingles, open a bundle and view a few of the shingles to be certain it is the color you selected. Tamko will not be responsible for color claims once the shingles are installed on a roof.
