STRIKING DEPTH AND ANGULAR LINES PORTRAY THE LOOK OF REAL WOOD SHAKES. ADD DIMENSION AND APPEAL TO YOUR HOME WITH HERITAGE VINTAGE.

Our **distinctive granule mix** and **unique color drops** add vivid color and texture to enhance your roof’s beauty.

TAMKO’s **blended shadowtone** creates dimension, striking contrast and remarkable depth while adding curb appeal to help ensure a look you’ll want to call your own.
Prior to making your final color selection, Tamko recommends viewing an actual roof installation of the same shingle color and manufacturing plant you are considering for the full impact of color blending and patterns. As colors vary by region, you may want to visit www.tamko.com and view colors available by zip code. House photography in this brochure may have been digitally modified or created using photographs of actual shingles. Printed reproduction of the shingle colors is as accurate as our printing will permit. Prior to installing the shingles, open a bundle and view a few of the shingles to be certain it is the color you selected. Tamko will not be responsible for color claims once the shingles are installed on a roof.
Leave a bold impression with the striking depth of Heritage Vintage. Add fresh, vivid color to your roof with dramatic greys, warm browns and daring reds. Heritage Vintage shingles replicate the natural aesthetics of wood shakes to perfectly complement your home and your style.
Invest in curb appeal. Roofing is the highest return on investment for exterior remodeling projects, according to the NARI and National Association of REALTORS.
