**TWP-2 WATER-BASED PRIMER**

**WATER-BASED WATERPROOFING PRIMER**

**PRODUCT DATA**

**DESCRIPTION**

TWP-2 WATER-BASED PRIMER is a high quality rubberized water-based primer.

- Available in 5 gallon buckets.
- Applied with a roller or spray equipment.
- 5-Year Limited Warranty and Arbitration Agreement.

**USES:** To promote a powerful bond to asphalt, concrete, masonry, DensGlass® sheathing, OSB, plywood, EPS/XPS (ICF) and metal surfaces.

- Ideal for use in preparing surfaces that receive a sheet of waterproofing membrane.

**APPLICATION**

Mix thoroughly before application. Apply with a long nap roller or spray equipment at the rate of 350 to 400 square feet per gallon. Allow to cure until it will not transfer when touched. Primer should be allowed to dry a minimum of 1 hour. In high humidity areas, an overnight cure may be necessary.

**LIMITATIONS**

- Primer must be stored in a weather protected environment at temperatures above 32°F. Do not allow primer to freeze.
